Celebrating ORNAP's Milestone: A Testament to Success

by: Ruby Anne B. Viray

The Perioperative Registered Nurses Association of the Philippines, (ORNAP) Inc. is a remarkable organization that stands as a testament to the progressive vision of its leadership and the unwavering support of its members. As we continuously celebrate this wonderful milestone, it is important to reflect on the achievements and contributions of ORNAP in advancing perioperative nursing in the Philippines.

ORNAP has been at the forefront of promoting excellence in perioperative nursing practice through various initiatives. The association has consistently organized conferences, seminars, and workshops that provide opportunities for professional development and knowledge sharing among its members. These events have not only enhanced the skills and competencies of perioperative nurses but have also fostered camaraderie and collaboration within the profession.

President's Corner

Maria Venus L. Quinsay, MAN, RN

Stay Inspired.

Let us collectively embrace the power within, empowering ourselves and others to soar to new heights. As we navigate the journey ahead, let's wholeheartedly embrace diversity, challenges and growth. Engage with purpose, connect with passion, for it is through our shared commitment that we elevate each other. In the symphony of life, may our empowerment, embrace, and engagement compose a harmonious melody of success and fulfillment

**Empower,
Embrace,
Engage**

Vice-President's Corner

Ernesto R. Tolentino, Jr., RN

"A golden beacon of inspiration to fellow periOperative nurses".

As we enter the Golden years of ORNAP, we are now engaged towards honing our young OR Nurses to be Leaders not only in their respective institutions but in the field of PeriOperative nursing as well. Embracing and accepting the challenges that lies yonder and refusing to fail. Adding the culture of Leadership, aiming to empower nurses to be torchbearers in the promotion of PeriOperative safety and wellness.

**Empower,
Embrace,
Engage**

A Message...

Leonila A. Faire

ORNAP Past President
Advisory Board Member

ORNAP INC @ 50: The OR Nurse Today

The Operating Room Nurses Association of the Philippines Inc., ORNAP, was founded by Mrs. Consuelo Arabit, my immediate boss in the PGH Operating Room in the early seventies. She has a huge dream for the NURSES. In addition to ORNAP, she also founded two other associations: the PGH School of Nursing Alumni Association and the PGH Nurses Association. Today, all three Associations are sound and strong as ever, assisting the PGH NURSING Department, the Alumni, and indigent patients of the hospital in various ways.

The ORNAP INC., has triumphantly progressed through the fifty years of its existence. Congratulations to all officers and members which has grown remarkably throughout the country. ORNAP INC. was founded at the time when the image of the OR nurse was low. When people looked at OR nurses as mere “instrument nurse, taga-hugas ng instrument ni Doctor, taga-abot ng instrument without thinking, like a robot” etc. Mrs. Arabit strongly opposed all these labels. Together with Dr. Antonio Oposa, the Medical Director of Johnson and Johnson, the idea of The ORNAP was born. The idea spread and chief nurses from Philippine Heart Center, Meralco Cotton Hospital, Capitol Hospital, Jose Reyes Hospital and Our Lady of Lourdes were the first Board of Directors.

Early on, activities were focused on building the image and competency of the OR Nurse. Sharing BEST Practices was encouraged among OR Nurses in Metro Manila. Hence, meetings were held in different hospitals of the Board of Directors and other forms of avenues where learning was facilitated and enhanced. I initiated the Case Presentation which was participated in by different hospital OR nurses. The best “Case Presentation” of the year would have the chance to present during the Annual Convention. This activity made the OR Nurses more competitive and sharing of expertise soon became automatic. Similarly attendance to Conventions and other training conferences was encouraged. ORNAP was organization accredited to conduct training programs for renewing PRC ID. Eventually ORNAP became a member of the AORN, our counterpart in the US. The first ever Convention outside the US was held here in the Sofitel Hotel with then President Ferdinand Marcos as the Keynote speaker. As ORNAP continued to widen the horizon of the OR NURSES and increase membership/chapters throughout the archipelago, linkages with allied professional organizations began to widen. OR nurses are now participating in the development of guidelines of general use by the OR team, e.g. Infection control of the surgical site, etc. The ORNAP INC. along with ANSAP INC., ADPCN, MCNAP, upon the initiation of PRC, Board of Nursing, jointly conducted research to determine the beginning competencies of a student nurse prior to graduation. So ORNAP is now networking with other organizations not only clinically but in the academe and the Professional Regulatory Commission of the country.

A memorable moment with Mrs. Arabit was when I shared my concept of recognizing "Excellence in Perioperative Nursing Practice" to be named in her honor. Full of emotion, she just said "Thank you for this great honor. Take care of ORNAP. Huwag ninyo pababayaan ang ORNAP." This is the highest award given to qualified members annually. Today we have recognized 24 CGA awardees and a total of 6,197 Members all over the country edifying OR NURSES at its BEST!

On a similar note, many of our OR staff have left the OR Suites and become managers of different healthcare facilities around the country. It is no wonder because of the very nature of the OR as a workplace where things can change in a split second. As the surgeons say, "NO two appendectomies are the same." So the OR nurse can anticipate and act precisely, making them a good manager. Many too have become faculty members of Colleges of Nursing including Graduate Schools. Those who are in the OR have excelled. Do you think any successful surgical procedure no matter how skillful the surgeon is, will happen if the nurse is not as skillful? OR Nurses are undergoing parallel training with that of the surgeon at different levels in different specialties.

Just recently, an OR nurse in PGH, ORTHO Department underwent training in Switzerland on ORTHO Trauma Management. She is now recognized as the Philippine Faculty Mentor by Davos Switzerland AO. She currently conducts training programs locally and internationally. This is happening in different departments where special training is required. This parallel training of the surgeon and the OR nurse is a manifestation that the OR nurse is equally contributory to any successful surgery being performed in our country today!

On a personal note, when I was appointed as a member of the PRC Board of Nursing, I said to myself, the "instrument nurse" is now a member of the Regulatory Board! I felt that this is a distinct recognition of the OR NURSE, the indispensable member of any surgical team, who stands by the side of the surgeon in every construction/reconstruction of the human body to make the procedure happen with perfection!

Move on OR NURSES, you are on the right track! Mrs. Consuelo Arabit, thank you for your guidance and trust in me early on in my career. Fifty years passed by swiftly and together with the six thousand-plus members of ORNAP, we humbly say, Mission Accomplished ma'am! To God be the Glory!!!

MEETING WITH THE BODS 2023-2024

After being elected, the ORNAP National Board of Directors wasted no time in getting to work and introducing the new members to their tasks. The Board understood the importance of a smooth transition and ensuring that all members were well-informed about their responsibilities.

Furthermore, regular meetings were scheduled to discuss ongoing projects and initiatives. This allowed all members to stay updated on organizational matters and contribute effectively towards achieving common goals. The Board encouraged open communication among its members, fostering a collaborative environment where ideas could be freely shared.

ENDORSEMENT OF PAST TO PRESENT BOD & NOMELEC

The endorsement of past officers to newly elected officers is a crucial tradition that plays a significant role in ensuring the smooth transition of power and the continuity of effective leadership. This practice not only serves as a symbol of unity within an organization but also provides invaluable guidance and support to those who are stepping into new roles.

The endorsement signifies that despite changes in leadership, there is still a shared goal and vision that binds everyone together. It encourages teamwork among both past and present officers, promoting a harmonious environment where ideas can be exchanged freely for the betterment of the organization.

THE PARLIAMENTARY RULES ORIENTATION WORKSHOP

JULY 29, 2023

ORNAP NATIONAL, COLLABORATING FOR THE SUCCESS OF THE ORGANIZATION.

BY RUBY ANNE VIRAY, RN

Being a new member of an organization, can be both exciting and overwhelming. One crucial aspect that newly appointed Board of Directors must familiarize themselves with is parliamentary rules. These will serve as framework for conducting meetings and making decisions in an organized and fair manner.

Throughout the previous years, the Past Presidents of ORNAP National have played a crucial role as advisers in the organization. Their experience and knowledge make them valuable assets, providing guidance and wisdom to the current leaders.

Last July 29, 2023, an orientation workshop about parliamentary rules was held to educate the current BOD officers about the proper procedures and protocols to be followed during meetings and discussions.

During the workshop, various topics were covered including the basics of parliamentary procedure, such as how to make a motion, second it, and debate it. Additionally, more complex aspects like voting methods and committee formation were also discussed. Moreover, the past presidents shared their personal experiences and provided practical examples to illustrate these concepts effectively.

(Right to Left) Photo of 2023-2024 BOD Asst. Secretary Christopher Ian De Guzman, President Ma. Venus L. Quinsay, PRO- Ruby Anne B. Viray, Past President (2005-2006) Manuel M. Canlas, Past President (1990-1991) Leonila A. Faire, Board of Director- Sheree S. Velasco

BREAKING BOUNDARIES

The orientation workshop started with the discussion of Robert's Rule of Orders presided by Dr. Manuel M. Canlas, giving emphasis on the importance of its framework when conducting parliamentary proceedings, enhancing meeting efficiency while ensuring fairness for all involved parties.

The next topic was the Making of Substantial Minutes of the Meeting discussed by Ms. Cathline Avellana. She point out that making a substantial minutes should be accurate, capturing discussions and decisions while maintaining objectivity and organization, these records become valuable resources for future reference.

The last topic was Budget, which was discussed by Ms. Marilyn Aro. She accentuate the importance of budgeting for organizational success as it provides a roadmap for achieving financial goals while ensuring accountability and transparency. Enabling ORNAP National to allocate resources effectively, leading to improved performance and growth opportunities.

*"For every minute spent
in organizing,
an hour is earned"*

-Benjamin Franklin

&**

COURTESY CALL ORNAP

August 8, 2023

The collaboration between ORNAP and PNA is crucial for the advancement and improvement of patient care in surgical settings in the Philippines. PeriOperative nurses play a vital role in ensuring the safety and well-being of patients before, during, and after surgery. They are responsible for coordinating with other healthcare professionals, managing surgical equipment, and providing emotional support to patients.

The Board of Nursing, on the other hand, is responsible for setting standards and regulations for nursing practice in the country. They ensure that all nurses meet the required qualifications and competencies to provide safe and effective care to patients. Collaboration between these two entities is essential to maintain high-quality standards in perioperative nursing practice.

Annual Retreat 2023

**A JOURNEY TO SELF-
DISCOVERY AND
EXPLORE THE PATH
TO INNER PEACE**

**"Stay inspired.
Never stop
flourishing."**

A fine day of prayer and togetherness binding the whole ORNAP family in self-reflection and rejuvenation, immersed to an environment conducive to personal growth and development.

ORNAP National together with the past presidents participated in the recently concluded Annual Retreat last July 12, 2023 at the Holy Spirit Mission Service Center in Tagaytay.

**“Return to the
Lord for He is
Good, His love
lasts forever”**

Prior to the commencement of the retreat proper, they attended a public Holy Mass held at the Chapel of the Virgin of the Poor in SVD Laudato Si Farm in which they come together as a community to worship and reflect on their faith. It allows them to enter into a state of spiritual preparation - deepening their relationship with Lord.

After the mass, they went for lunch prepared by the group of unsung heroes who toil tirelessly behind the scenes, ensuring that the meals are served with love and care. The Sisters of the Holy Spirit Mission Service Center take pride in preparing the meal for their guests as they meticulously plan and sourced it from local produce and embrace sustainable practices. The concept of nourishing the soul has a long been associated with spiritual and emotional well-being. As we recognized the essentiality of spiritual state, feeding the bodies with nutritious foods achieve overall wellness.

As they settled after lunch, the group gathered in a spacious hall for an introductory session. Fr. Stanislav Orecny, SVD, the Master Presider welcomed them warmly and explained the purpose of their stay- to disconnect from their busy lives and reconnect with themselves and to the Lord. The session end brief which last for 4 hours, yet brought a momentous and fruitful connections with God.

**"FRESH AIR IS AS GOOD
FOR THE MIND AS FOR
THE BODY"**

John Lubbock

As the retreat came to an end, the team embarked on a visit to a nearby farm-SVD Laudato Si Farm, eager to witness its beauty and experience all it had to offer. The anticipation was palpable as they arrived at the farm, greeted by rolling green fields and a sense of tranquility that enveloped them.

A cafe was located at the heart of the farm, treated with an array of delicious homemade delicacy. The aroma of freshly brewed coffee filled the air as they savored each sip.

Rows of vibrant vegetables and fragrant herbs in the farm area, their connection with nature deepened further as they strolled around. Amazed about how the local farmers who understood the importance of agriculture sustainability.

A mini-market selling fresh produce that fosters sense of community and promoting healthy living. Through this venture, they are able to provide consumers with high-quality vegetables while promoting environmental consciousness and supporting local farmers.

SURGICAL CONSCIENCE: THE BACKBONE OF PERIOPERATIVE NURSING

THERE HAS NEVER BEEN A MORE EXCITING TIME TO BE A PERIOPERATIVE NURSE THAN TODAY, JOIN US AS WE LOOK BACK AND LEARN WHAT MAKES AN OUTSTANDING PERIOPERATIVE NURSE.

Don't miss out on opportunities

BASICS OF AN OR NURSE.

ORNAP NATIONAL conducted a Back To Basic Course last October 21, 2023 at the De La Salle Medical and Health Sciences Institute, Dasmariñas City, Cavite. This event aimed to provide healthcare professionals with an opportunity to refresh their knowledge and skills in the field of PeriOperative Nursing.

By conducting this Back to Basic course, ORNAP National demonstrated its commitment to promoting continuous learning among perioperative nursing professionals. In today's rapidly evolving medical landscape, it is crucial for practitioners to stay updated with the latest advancements in their field. This course provided them with an opportunity to do so while also fostering networking among peers.

The foundation of OR nursing lies in a strong educational background combined with practical experience. The Board ensures that educational programs for OR nurses are comprehensive and up-to-date with advancements in surgical techniques and technology. They also collaborate with academic institutions to develop curriculum frameworks that meet industry standards.

ORNAP National in collaboration with ORNAP Cavite Chapter, an important step towards rediscovering our shared values and responsibilities as Leaders of Perioperative Nursing

ORNAP National will continue to educate new nurses by providing them with comprehensive theoretical knowledge and practical experiences necessary for success in their careers. .

Resembling Empowered and Engaging Leadership Skill

THE REELS

The ORNAP National is currently celebrating the PeriOperative Nurses' Week. As part of their festivities, they have organized a Leadership Summit with the theme "The REELS of Perioperative Nursing Practice: Resembling Empowered and Engaging Leadership Skills." This summit aims to highlight the importance of leadership skills in the field of perioperative nursing and empower nurses to take charge of their practice. Held last November 18, 2023 Saturday morning at Novotel, Araneta, Quezon City in which hundreds of PeriOperative nurses joined and participated in the event.

The program hosted by Mr. Gabriel Naig, was started by Opening remarks given by Maria Venus L. Quinsay, the ORNAP National President, sending her warm welcome to all participants, emphasizes the need for empowered and engaging leadership skills within the perioperative nursing profession.

Followed by, Hon. Merle L. Salvani, Chair, CPD Council Board of Nursing in which she talks about Unleashing Leadership Potential and Advocacy Skills among nurses.

ZAMBOANGA

"THE DEFINITION OF A NURSE: TO GO ABOVE AND BEYOND THE CALL OF DUTY. THE FIRST TO WORK AND THE LAST TO LEAVE. THE HEART AND SOUL OF CARING. WHO WILL PASS THROUGH YOUR LIFE FOR A MINUTE AND IMPACT IT FOR AN ETERNITY. AN EMPOWERED INDIVIDUAL WHOM YOU MAY MEET FOR ONLY A 12-HOUR PERIOD, BUT WHO WILL PUT YOU AND YOURS ABOVE THEIRS."
